Workforce Opportunities Reimagined Conference (WORC)

Retooling the Workforce in a New Normal

**SAVE THE
DATE**

September 2, 3, 4, 2020

It's virtual and it's vital to the recovery and growth of our economy.

While there are many unanswered questions about how we jumpstart, stabilize and grow Guam's economy, one thing that's clear is our workforce needs to be upskilled to meet the demands of an increasingly technology-driven economy.

Join Guam Community College and leaders from our major economic sectors for this workforce development conference and engage in answering critical questions:

1. What are the critical areas of employment that will need to be filled in the economy?
2. How do we help our employment base retrain to be able to fill those jobs?
3. How do we connect these employees with the needs in our businesses and organizations?

Learn more about this conference and how you can get involved in strengthening our workforce.
